

Announcement on the postponement of the 37th Japan Wind and Percussion Competition 2020

We have prepared for the competition and information has been uploaded on our HP. However, we are very sorry to announce that we decided to postpone the 37th Japan Wind and Percussion Competition 2020. This is because of the effect of the New Corona Virus problems (known as COVID-19 outbreak problems) spreading all over the world. We are facing a situation where we have to care for everyone's health and safety according to the official Emergency Declaration by the Japanese Government.

There is not any change of required or elective repertoires for each division and eligibility for this competition is also the same, which is open to any musicians who were born on or after April 1, 1985. (However, any previous 1st Prize Winners of this Competition are not allowed to participate this.)

The new dates and schedules are not decided though we are expecting to hold this at the same time next year. Once details are all set, we will post the new information as soon as possible.

We apologize for any inconvenience by this postponement but would appreciate understanding from all participants.
